

To the Yukon Legislative Assembly:

This petition of the undersigned shows:

THAT repainting of the Hidden Valley area highway line pattern in September 2016 made the Mayo Road less safe at the Couch Road intersections, MacPherson Road intersection, and 2 Mile Road intersection;

THAT the old line pattern of 4 lanes of traffic through the Hidden Valley area allowed for safer turns on to the highway, and for passing slow moving vehicles in a manner that was both safe and legal; and

THAT vehicles turning on to 2 Mile Road frequently exit the highway at a speed which is unsafe for nearby residents who live beside the road, including children and pets.

THEREFORE, the undersigned ask the Yukon Legislative Assembly to urge the Government of Yukon to:

1. Repaint the highway line pattern to how it was prior to September 2016 - including 4 lanes at the Couch Road and MacPherson Road intersections;
2. Construct a proper turning lane at 2 Mile Road to give vehicles turning on to it more time to slow down; and
3. Improve lighting at the Mayo Road/MacPherson Road intersection.
